

## Methods for Learning From Student Work

*Developed by Steve Hoffman & Chris Sperry (NSRF Coaches), Alternative Community School, Ithaca, NY., Amended by Gene Thompson-Grove, NSRF, 1998-1999, 2002, Revised by C. Estrada, Salt Lake City School District, 2001.*

Method Overview	Reasons for Using	Types of Work	When to Use
<p><b>ATLAS</b></p> <ul style="list-style-type: none"> <li>Teacher briefly describes the assignment</li> <li>Description by colleagues</li> <li>Interpretation by colleagues</li> <li>Discussion by colleagues about implications for practice</li> <li>Reflection on Process by everyone</li> <li>Strong facilitation to help colleague use description</li> </ul>	<p>To help teachers better understand:</p> <ul style="list-style-type: none"> <li>How students are thinking and learning by describing (not evaluating) and interpreting the work</li> <li>The kinds of strategies and next steps for the presenting teacher in re-designing the curriculum</li> <li>The diversity in each other's beliefs and assumptions about teaching and learning</li> </ul>	<ul style="list-style-type: none"> <li>Assignments that use lots of thinking and that give students some freedom in how they approach the task</li> <li>Avoid work that consists primarily of answers with little explanation</li> <li>Work that encourages close attention to details &amp; affords multiple interpretations</li> </ul>	<ul style="list-style-type: none"> <li>After the assignment is given and completed</li> <li>In team teaching or grade level/department meetings plan the lesson together, teach it independently, then bring the student work back for this process</li> </ul>
<p><u>Notes:</u> Minimum 50 minutes</p>	<p>Adapted from the Collaborative Assessment Conference by Eric Buchovecky while at Atlas Communities.</p>		
<p><b>Charette</b></p> <ul style="list-style-type: none"> <li>Process designed to create a "we're in this together" climate with the presenter(s) deciding the direction</li> <li>Ends when the requesting team has received what it needs</li> <li>Responsive facilitation: specific needs of presenter(s), flexible timing, frequent checking with presenters to make sure there are opportunities to follow various lines of inquiry from colleagues</li> </ul>	<ul style="list-style-type: none"> <li>This process was originally designed in the architectural community for getting feedback on projects where the design team or presenter is "stuck"</li> <li>When you want to know: "How do I/we make this better?" Or "What are our next steps?"</li> </ul>	<ul style="list-style-type: none"> <li>Any project where the team or individual wants to make a lesson, project, or unit design better</li> </ul>	<ul style="list-style-type: none"> <li>For works in progress, at a critical juncture or for next steps to improve</li> </ul>
<p><u>Notes:</u> Minimum 50 minutes</p>	<p>Described by Carol Coe at Puyallup High School (WA) to "kick up" level of teacher and student performance.</p>		

Method Overview	Reasons for Using	Types of Work	When to Use
<p><b>Collaborative Assessment Conference (CAC)</b></p> <ul style="list-style-type: none"> <li>• Teacher says nothing in the way of context</li> <li>• Description by colleagues</li> <li>• Questioning the work by colleagues</li> <li>• Speculating by colleagues</li> <li>• Hearing from presenter</li> <li>• Discussion by colleagues &amp; presenter about implications for practice</li> <li>• Reflection on Process by everyone</li> <li>• Strong facilitation to help colleagues use description</li> </ul>	<p>To help teachers better understand:</p> <ul style="list-style-type: none"> <li>• Goals, problems and issues on which students choose to focus</li> <li>• Reflecting on and gathering ideas about revising classroom practice</li> <li>• Broader implications for teaching and learning</li> </ul>	<ul style="list-style-type: none"> <li>• One or two pieces of student work from a single student</li> <li>• Avoid work that consists primarily of answers with little explanation.</li> <li>• Work that encourages close attention to details and affords multiple interpretations.</li> </ul>	<ul style="list-style-type: none"> <li>• After the assignment is given and completed</li> <li>• Developed for use in high schools, but has been used in elementary and middle schools as well.</li> </ul>
<p><u>Notes:</u> Minimum 60 minutes</p>	<p>Steve Seidel developed this process.</p>	<p>More information from Project Zero, Harvard Graduate School of Education</p>	
<p><b>Consultancy, adapted for Student Work</b></p> <ul style="list-style-type: none"> <li>• Presenter overview and framing question</li> <li>• Clarifying and probing questions</li> <li>• Feedback designed to give the presenter new perspectives and ideas</li> <li>• Presenter response</li> <li>• Debrief process</li> <li>• Responsive facilitation: meet with presenter to shape framing question, keep accurate time, may choose to participate</li> </ul>	<p>To help teachers:</p> <ul style="list-style-type: none"> <li>• Get the kind of feedback that will help them change their practice based on student needs</li> <li>• Think in new ways about their teaching</li> </ul>	<ul style="list-style-type: none"> <li>• Any work that poses a teaching and learning dilemma; use when the presenter wants to learn something that will help them re-think teaching and instructional strategies</li> </ul>	<ul style="list-style-type: none"> <li>• After the work is completed; the presenter uses this as a form of assessment to re-design teaching strategies suited to the learning needs of students</li> </ul>
<p><u>Notes:</u> Minimum 60 minutes</p>	<p>Developed by Gene Thompson-Grove as part of the Coalition of Essential Schools' National ReLearning Faculty Program</p>		

This protocol was originally written in the 1990s/2000s. We encourage you to purchase an NSRF membership to access newer materials and to enroll in CFG Coaches' Training to access all of the updated materials and to develop a more thorough, experiential understanding. Protocols are most powerful and effective when used within an ongoing professional learning community such as a Critical Friends Group® and facilitated by a skilled coach. To learn more about professional learning communities and seminars for new or experienced coaches, please visit the National School Reform Faculty website at [www.nsrffharmony.org](http://www.nsrffharmony.org).

Method Overview	Reasons for Using	Types of Work	When to Use
<p><b>Describing Student's Work</b></p> <ul style="list-style-type: none"> <li>• Focused skill: Description by colleagues</li> <li>• Presentation of work by teacher</li> <li>• Descriptive rounds consisting of: <ul style="list-style-type: none"> <li>- Literal Description</li> <li>- What is student working on</li> <li>- Teaching Focus</li> <li>- Recommendation Focus</li> </ul> </li> <li>• Reflection on Process by everyone</li> <li>• Strong facilitation to help colleagues use description</li> </ul>	<p>To help teachers better understand:</p> <ul style="list-style-type: none"> <li>• The student's way of knowing</li> <li>• Implications for teaching this particular child</li> </ul>	<ul style="list-style-type: none"> <li>• One or two pieces of student work from a single student</li> <li>• Avoid work that consists primarily of answers with little explanation</li> <li>• Work that encourages close attention to details &amp; affords multiple interpretations</li> </ul>	<ul style="list-style-type: none"> <li>• After the assignment is given and completed</li> </ul>
<p><u>Notes:</u> Minimum 60 minutes</p>	<p>Adapted from Patricia Carini's Descriptive Review of the Child</p>	<p>More information from the Prospect Center in Bennington, VT</p>	
<p><b>Tuning Protocol</b></p> <ul style="list-style-type: none"> <li>• Presenter explains context, student learning goals, evaluation format and framing question</li> <li>• Clarifying questions</li> <li>• "Warm" and "cool" feedback</li> <li>• Presenter response</li> <li>• Debrief process</li> <li>• Responsive facilitation: meet with presenter to shape framing question, keep accurate time</li> </ul>	<p>To help teachers:</p> <ul style="list-style-type: none"> <li>• Develop more effective exhibitions and assessments</li> <li>• Develop common standards for students' work</li> <li>• Reflect on and gather ideas for revising classroom practice</li> <li>• Support student performances</li> </ul>	<ul style="list-style-type: none"> <li>• Student exhibitions or long-term projects, any assignment along with assessments that you want to fine tune for supporting higher quality of student performance</li> </ul>	<ul style="list-style-type: none"> <li>• After the work is completed and assessed in relation to a rubric, instructional objective, standard, or student learning goal</li> </ul>
<p><u>Notes:</u> Minimum 60 minutes</p>	<p>Developed as part of the Coalition of Essential Schools' Exhibitions' Project</p>
