

# NSRF protocols and activities work effectively outside CFG meetings and even in settings completely outside schools

The next two articles in this issue highlight stories from two individuals using their experience as CFG coaches to dramatically support people in settings beyond CFG meetings and classrooms. Other ways we know our protocols may be used effectively include:

- › Democratically organizing a year's worth of meeting agendas for a board of directors for a non-profit organization
- › Quickly "taking the temperature" of any group based on their responses to an example text, and then (using other protocols) setting up a series of "next steps" to bring the group to where it wants to go
- › Facilitating a public meeting around a complicated question that they anticipated would include heated debate
- › Effectively revealing new perspectives to help solve or eliminate complex dilemmas in businesses or other settings

## HERE AT LAST!
